

Ministry Updates: Youth

From Youth Pastors Wade & Chelsea Weeldreyer

What a blessing, and challenge, God gives us when he gives us children! It is said that Jesus asks more than 300 questions in the Gospels. Well, the Redeemer Youth could give him a run for his money! The youth group continued to deepen their study of the Scriptures in 2021, making their way through Mark, the land of the Bible, and Genesis. We began the year through written letters but have since transitioned back to in-person study and worship together on Sunday mornings. Zoom continued to be our medium for Friday Youth Fellowship, which has functioned like a community group for the youth. Warm weather in the summer and vaccines later in 2021 have made in-person events more and more possible, for which we are grateful. We played kickball, hiked in a state park, created art, and more! Chelsea and Wade have also benefited from a new Youth Advisory Team, who have offered great encouragement, advice, and support. We expect 2022 to be a year of transition for Redeemer's Youth Group, so please keep this wonderful ministry--and the youth--in your prayers.
